Redfin Reports Third Quarter 2021 Financial Results

SEATTLE - November 4, 2021 - Redfin Corporation (NASDAQ: RDFN) today announced financial results for the third quarter ended September 30, 2021. All financial measures, unless otherwise noted, are presented on a GAAP basis and include stock-based compensation, and depreciation and amortization.

Revenue increased 128% year-over-year to \$540 million during the third quarter. Gross profit was \$127 million, an increase of 37% from \$93 million in the third quarter of 2020. Real estate services gross profit was \$96 million, an increase of 5% from \$92 million in the third quarter of 2020. Real estate services gross margin was 37%, compared to 44% in the third quarter of 2020. Operating expenses were \$147 million, an increase of 163% from \$56 million in the third quarter of 2020. Operating expenses were 27% of revenue, up from 24% in the third quarter of 2020.

Net loss was \$18.9 million, compared to net loss of \$34.2 million in the third quarter of 2020. The dividend on our convertible preferred stock was \$1.7 million in the third quarter. Net loss attributable to common stock was \$20.6 million. Stock-based compensation was \$13.1 million, up from \$11.3 million in the third quarter of 2020. Depreciation and amortization was \$14.5 million, up from \$3.7 million in the third quarter of 2020. Interest income was \$0.2 million and interest expense was \$3.7 million, compared to \$0.3 million and \$2.5 million, respectively, in the third quarter of 2020.

Net loss per share attributable to common stock, diluted, was \$0.20, compared to net income per share attributable to common stock, diluted, of \$0.30 in the third quarter of 2020.

"Redfin had a fantastic quarter," said Redfin CEO Glenn Kelman. "Our revenues were at the top of the range we gave investors in our last earnings report, and our net income exceeded that range. Our year-over-year market-share gains continued even as the housing market slowed, and our website again improved its standing against its largest competitors. RedfinNow grew revenues by more than 1,000 percent all while selling homes above our forecasted price. We saved our brokerage customers more than \$80 million in fees. Agent retention improved, and we're now preparing to broaden changes to our service and pricing that we expect to increase 2022 gross profits, customer satisfaction and agent retention."

Highlights

- Reached market share of 1.16% of U.S. existing home sales by value in the third quarter of 2021, an increase of 12 basis points from the third quarter of 2020.⁽¹⁾
- Saved homebuyers and sellers over \$83 million in the third quarter. This includes the savings Redfin offers buyers through the Redfin Refund and sellers through Redfin's lower listing fee when compared to a 2.5% commission typically charged by traditional agents.
- Redfin's mobile application and website reached 49.1 million average monthly visitors in the third quarter, which was roughly flat compared to the third quarter of 2020.

- Launched brokerage services in Mississippi and new regions in Florida, surpassing 100 markets served.
- Continued RedfinNow expansion by launching in Chicago, Atlanta, Nashville, Charlotte and Raleigh.

- Announced the expansion of Direct Access self-touring on October 5th, which lets buyers tour vacant homes listed by Redfin agents and is supported by a partnership with ADT to provide enhanced safety and security measures.
- Launched a Career Accelerator pilot program in Seattle and the Washington, D.C. metro area to hire and train people from diverse backgrounds to become Redfin agents.
- Delivered improved software for customers, agents, partners and mortgage teams, including:
 - Climate risk data for every location page on Redfin.com, empowering consumers to make better-informed decisions about buying, selling and renting.
 - More accurate Redfin Estimates for off-market homes that react quickly to dynamic market conditions.
 - Easy to import work history from Equifax's The Work Number in mortgage pre-approval applications.
 - iOS Home Screen Widgets, which show potential homebuyers relevant listings directly on their iPhone or iPad's home screen.
 - A new appraisal ordering system for Redfin Mortgage Lender Tools that streamlines data sharing between mortgage processors and appraisal management companies.
 - Automation software for Redfin Home Services to streamline Concierge bids and scope of work agreements.

⁽¹⁾ We calculate the aggregate value of U.S. home sales by multiplying the total number of U.S. existing home sales by the mean sale price of these homes, each as reported by the National Association of REALTORS[®] ("NAR"). NAR data for the most recent period is preliminary and may subsequently be updated by NAR. We calculate our market share by aggregating the home value of brokerage and partner real estate services transactions. Then, in order to account for both the sell- and buy-side components of each transaction, we divide that value by two-times the estimated aggregate value of U.S. home sales.

Business Outlook

The following forward-looking statements reflect Redfin's expectations as of November 4, 2021, and are subject to substantial uncertainty.

For the fourth quarter of 2021 we expect:

- Total revenue between \$585 million and \$606 million, representing a year-over-year increase between 139% and 148% compared to the fourth quarter of 2020. Included within total revenue are real estate services segment revenue between \$225 million and \$230 million, properties segment revenue between \$319 million and \$334 million, and rentals revenue between \$38 million and \$39 million.
- Total net loss between \$36 million and \$31 million, compared to total net income of \$14 million in the fourth quarter of 2020. RentPath's contribution to the net loss is expected to be approximately \$15 million. This guidance includes approximately \$24 million in total marketing expenses, \$16 million of stock-based compensation, \$15 million of depreciation and amortization, and \$4 million of net interest expense. Net income attributable to common stockholders will include the value of dividends on our convertible preferred stock, which we expect to pay in shares of our common stock.
